

PACKAGING MACHINERY & PROCESSES

The Final Exam is designed to reinforce your understanding of the lesson material. Please create a Microsoft Word document and submit your completed study questions to the instructor via email.

Final Exam

Congratulations! You have been promoted to Senior Development Engineer for ABC Plastic Products. Your first assignment is to benchmark competitive packaging products, and develop a "me-too" product. As part of this exercise, management has requested that you do the following for the 3 products below:

1. Name product A
2. Name the packaging material used to manufacture product A
3. Name 3 applications for product A
4. Discuss the process used to manufacture product A
5. What machinery is used as part of this process?

1. Name product B
2. Name the packaging material used to manufacture product B
3. Name 3 applications for product B
4. Discuss the process used to manufacture product B
5. What machinery is used as part of this process?

1. Name product C
2. Name the packaging material used to manufacture product c
3. Name 3 applications for product C
4. Discuss the process used to manufacture product C
5. What machinery is used as part of this process?

B

C
